

ME5508 - Building heat transfer and air conditioning (2018-2019)

View Online

Module Leader Prof. T. Karayiannis

9 items

Essential reading

Tassou, S. A. (1992). Course Book - Air Conditioning, Part 1 and Part 2 Wakelin, R. H. M and Reynolds, A. J. (1992). Course Book, Building Heat Transfer.

PROVIDED BY DEPARTMENT

Recommended reading (1 items)

Mechanical services for buildings - Eastop, T. D., Watson, W. E., 1992

[Book](#) | Recommended reading

Additional reading (3 items)

Air conditioning engineering - Jones, W. P., c2001

[Book](#) | Other reading

Heat and mass transfer in building services design - Moss, Keith, 1998

[Book](#) | Other reading

Building services engineering - David V. Chadderton, 2013

[Book](#) | Other reading

Journal databases for assignments and dissertation research (2 items)

Construction Information Service (CIS)

[Journal](#) | Essential reading | CONSTRUCTION INFORMATION SERVICE provides up-to-date construction information and legislation from more than 150 national organisations, including BSI - The British Standards Institution (NB: full text access is on BSOL not CIS), BRE, BSRIA, CIOB - The Chartered Institute of Building, CIBSE, CIRIA and The Institution of Structural Engineers (either full text or abstract access). CIS also provides access to limited versions of Engineer-it, Specify-it and SCI Blue Book (requires Internet Explorer).

ScienceDirect

[Journal](#) | Essential reading |

ScienceDirect is Elsevier's leading information collection for students, researchers and academic staff. This journal database provides access to a significant number of publications, from full-text journal articles to authoritative books. □Chemical Engineering □Energy □Engineering □Environmental Science □Materials Science

Technical tables (1 items)

Technical tables / useful information

[Webpage](#) | Lists the tables displaying current rating and voltage drop factors

Harvard Referencing (2 items)

Cite them right online

[Website](#) | Other reading | Harvard Referencing Guide

RefWorks | Brunel University London

[Webpage](#) | Recommended reading | Referencing software provided by the Library.
